Price List of Pine Slips and Suckers

Indian River Nurseries, Melbourne, Fla.

SUMMER, 1890.

JOHN B. BEACH, Prop.

EGYPTIAN QUEEN —By far the best market variety for field culture which has stood the test of time. It is the earliest and freest bearer, and produces twice as many slips and suckers as any other variety. It endures as much cold as the common Red Spanish, and is as superior to it in flavor and appearance as is a Bartlett pear to a Le Conte. Flavor very rich, reminding one of an apricot, and flesh and rind a rich lemon yellow. The only one of the choicest varieties which is a good shipper. Slips, 15 cts. each; \$1.50 per doz.; \$8.00 per C; \$60.00 per M. Suckers, 25 cts. each; \$2.50 per doz.; \$12.50 per C.

RIPLEY, OR RIPLEY QUEEN.—Very similar to the above, but considered superior in flavor. Slips, 20 cts. each; \$2.00 per doz.; \$10.00 per C. Suckers, 35 cts. each; \$3.00 per doz.

PORTO RICO, OR TRINIDAD.—The largest variety grown. Fruit weights from eight to fifteen pounds, and sometimes as much as twenty pounds. A fair shipper, and of delicate texture, in spite of its enormous size. Slips, 25 cts. each; \$2.50 per doz.; \$12.50 per C. Suckers, 40 cts. each; \$4.00 per doz.; \$25.00 per C.

SUGAR LOAF.—A very late variety; good to plant for succession, and excellent for home use, though a poor shipper; very sweet, and delicate in texture. Slips, 10 cts. each; 75 cts. per doz.; \$3.00 per C. Suckers, 15 cts. each; \$1.00 per doz.; \$5.00 per C.

WHITE ANTIGUA.—A very superior pine; of large size; a free grower, and prolific; also a good shipper. Flavor most excellent, though of an entirely different character from the Egyptian Queen. Slips, 40 cts. each; \$4.00 per doz.; \$25.00 per C.

BLACK ANTIGUA.—The finest Pine Apple grown. Flavor richer and more sprightly than the BLACK PRINCE, and a much freer grower, and more vigorous plant. Slips, 75 cts. each; \$7.50 per dozen.

BLACK PRINCE.—The choicest table variety grown. Totally devoid of core, and flesh so delicate that it can be eaten with a spoon or fork; flavor resembles that of a Seckel Pear. Attains a large size, if in rich ground, and supplied with plenty of water. Should be allowed to ripen on the plant, and will not bear shipping. Slips, 50 cts. each; \$4.50 per doz.; \$25.00 per C.

BIRDSEYE.—Similar to the above, and fully as delicate, and free from core, though a little inferior in flavor; of better color, but no shipper. Slips, 30 cts. each; \$2.50 per doz.; \$15.00 per C.

ABBAKASHEE, BLACK JAMAICA, CROWN PRINCE, CHARLOTTE ROTHCHILD, PRINCE ALBERT, SMOOTH CAYENNE, AND LORD CARRINGTON —Varieties very highly prized about Orlando, but not yet fruited here. Slips, 75 cts. each; \$7.00 per doz.; \$50.00 per C.

RED SPANISH, OR KEY SARGO —The common Pine Apple of commerce. Slips, 5 cts. each; 30 cts. per doz.; \$2.00 per C; \$8.00 to \$15.00 per M, according to size. Suckers, 10 cts. each; 50 cts. per doz. \$3.50 per C.; \$30.00 per M.

ORDERS will be booked upon receipt, and filled in rotation, as slips mature through the season. All orders must be accompanied by cash, or ten per cent paid down, and balance C. O. D. No extra charge for packing. Small orders of a dozen or two slips can be best mailed. In such case, add 15 cts. per doz. slips; 30 cts. per doz. suckers, for mailing and postage.
